Dear Dr. Burleigh:

First, many thanks for taking care of my paper work for me and expect I shall hear from them shortly.

Second: Philips

This will be a long trip for I have been on it for nearly two years now.

Let me tell you how I got on it; pure accident. I had started to do some research on my family and because I was rooting through old records etc close friends of mine (and this too will be coincidence) had been given an old day book to look over and suggest what might be done with it. Because they could not read it with any ease they came to me feeling that after sifting through these old records that I might make more of it and what they were looking for was to see if any ancestors of theirs were in that area at that time.

The day book was just that, a day to day accounting of credit dealings at a inn/store/supply centre in Phillipsville owned by a chap by the name of James Philips. To make a long story short the ancestors were not there but I became interested in who the owner was. Ruth Mackenzie's book on Leeds was handy. No information there. Leavitt was there as well and lo and behold Philips is named as one of the Hunter crew and so I was off.

Again to shorten: it is only two weeks ago that I have become aware of any source who knew anything at all about him and this was a thesis (of which I now have a copy) by G.R.I. MacPherson (University Western Ont. 1966) but even it has some very wide errors in it.

Before I go into any detail on him let me tell you where things stand at this moment. About a year ago I went to Ont. Archives and met D.E. McOuat who has given me some help and is interested in the problem (I'll come back to this). This summer I went down to Windmill Point to refresh my memory on the ground and was appalled at the low grade of material, error ridden, available through the Dept. Indian and Northern Affairs-Historical Sites and in considerable detail made them aware of this in a letter and suggested that out of fairness and respect to all concerned that it should be withdrawn and replaced; some of it courtesy of a LIP endeavour. A copy of this also went to Richard Apted, Historic Sites, Ontario. Apted came back immediately and was talking of a plaque (which still continues and I will keep you advised on this). All of my material which McOuat had was turned over to Apted and I now find that they have a research program on. At the same time Northern and Indian affairs probably not liking the tail tweak I gave them have put a full time historical researcher on it. So in a

sense I have become lost in the smoke of the professionals but do not intend to let them make of with my project IF I can help it.

Better get on with James P.

Last March I felt I was becoming smothered in material so I stopped and wrote up what I had. This is what I am sending you now. It gave me a chance to stop and see what I had and where I was. I now know of errors in it such as Elijah is a person on his own and not Elisha. In the beginning it could have been the father of Elisha but I do not think so. The father of Elisha I believe ^{an} is another Elisha but not proven. I have an old New England Phillips tree showing Elisha in 1713 so we could have three Elishas and then James.

NOTE: I will not be consistant in the spelling of Philips; I will spell it as given in the document I am using or discussing.

McQuats cursory research came up with the likelihood that James was the son of Elisha or Peter Phillips of Fredericksburgh. Peter does have a son James but what I have on him is illiterate and that does not seem to sit too well on the operator of the inn, the Secretary of the Bastard Reform party or the person who spoke so well at his trial.

BUT

1. Refer to page 33 of my story: on 10 Sept 1835 James says he is 35 therefore born about 1800.
2. 'The Lives and Times of The Patriots' E.C. Guillet p 278: gives age as 38 which leaves about ¹⁸⁰⁰ ~~1805~~. *again.*
But Phillips was dead; where did the report get his age? Taken from the statement at the trial? If so then we might say as there are other small errors in the trial report i.e. Cusic-Tusic then we could have an error in his age.
3. UCLP 'P' 11 Vol. 403 pl5. James pet. for land. Affidavit that he has attained full age of 21 years this in 22 Jan 1817. But then adherence to the truth in matters such as this was always a sporting affair. But there is a big difference between 17 and 21. Oh yes Elisha is here and signs '1' and James '11'.
4. UCLP P 11 Vol. 403 pl9 29 Jan 1817
Mary Phillips wife of James Philips of Fredericksburgh. Dau. of John Dafoe. Elisha takes oath as to who she is. BUT she could still be the wife of Peter's James with Elisha (probably as Peter's brother or cousin) backing up her claim. Or it could be Elisha's James. But if so a little on the young side if he was born 1800. *and Mary could have 2 di for James & marry Salome.*
5. Ont. Hist. Soc. Vol. 5 pl95

James Phillips married Salome Brown 19 March 1823. Wit. Nathan C Brown and Daniel Phillips.

of these:

28 " names in Albany County alone
 26 " " " Montgomery County

For Shirley in Ont History & TV 1962 in article on Battle of Windmill
 says Prescott Sentinel says 24 Patriots killed; Kingston paper says 67 killed.
 "Both Charles Brown and James Phillips, Brigadier Generals in the
 'Patriot' army, were among those killed
 A number of features point to American birthplace & attachment for
 Phillips:

- 1 The fact that he had been listed as American & a high ranking officer.
- 2 Only three of these prisoners were ^{of} Canadian nationality.
- 2
- 1 Asa Richardson.
- 3 Phillips apparently of same family of the Phillips in the Ball Company
 who was a friend of Von Schoultz.
4. Near Phillips residing in Mohawk Valley in Census of 1790.
- 5 No evident connection with the James (two) of Bay of Quinte.
- 6 Different wife, or perhaps a 2nd wife
- 7 why did James go to U.S. Army family, after the affair in election?
- 8 141 Phillips, Phillips or Philips in N.Y. State in Census of 1790
 of those 54 in Albany & Montgomery counties (Valley of Upper Hudson
 & Mohawk up to Saratoga Flat.) list is not yet settled.
- 9 6 other names with that name, but one of the leaders of the Hunters
 Group in some towns like Syracuse, etc.
- 10 the British knew all Canadian Phillips. mainly from N.Y. State

In a sense all I really need now is to know who his father was.

Who is Daniel Phillips who was wit at his wedding.?

Who is Philip Philips? When James gets for cert for the land the inn was on the ownership is with Philip. Remember on page 1 of this letter I used the word coincidence with respect to my friends. Well his (my friend S.S.Scovil) great-great grandfather ^{URI SCOVIL} took an affidavit with respect to this land and that James was on it this in 27 Jan 1827.

Bastard Tsp. assessments 1825 show James as owner of Lot 24 Con 6.

1826 shows him with 4 in the household.

RG 22 Court Records 5 Jan 1829 shows James operating a tavern in Bastard.

These are but a handful of what I ^{have} ~~have~~ but appear to point at someone a bit older than born 1800.

But prove it.

Now with respect to my story. Remember I told you I put it together in March. Since then I have a lot more background material to add in. As well as the likelihood that James scouted the area from the States in the summer of 1838. A great deal more to add in but first-beyond a doubt- who is he? His father?

CHANGE SUBJECT SLIGHTLY:

During my research I first followed up on Ziba Marcus Phillips, the two of them, father and son, for they did appear likely as father of James at first but not so. But with so much information on them I was able to put together a story based on the Masonic side: this I did for Talmage Stone, an ardent Mason, the owner of the Philips day book and whose father was raised by Maria Philips (Lockwood) James' daughter.

I also enclose a copy of this in the event it might be of interest. You will note that it was written for its purpose. But still as accurate as I could make it. You will note that the elder Ziba was business agent for the same company-Salina Salt works-as was Von Schoultz connected with some 50 years later. They walk up and down each others backs they do.

.....

I have not had the opportunity of going through all of the Buell papers yet for they are split between Ottawa, Toronto and Brockville but they could give a clue for Buell was the Reform leader at the time.

.....

In my family, on the Clark side, is a Palmatier (a great grandmother) but I can make no connection to UE for the only two I could get in view died or were killed in the Revolution; Sgt Francis Palmontere killed with Vernon's troop of Hussars. And then Capt. Andrew ^{PALMONTIER} who with William Buell joined Lt. Col. John Peters Corps after

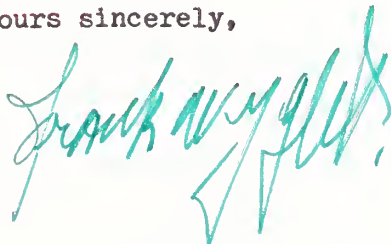

the Bennington action. Buell went on to Roger's Rangers and Palmatier to die in a POW prison. A Francis Palmatur shows in Cramahe in 1800. Buell as you know went on to found Brockville. And a George Buell, one of the family, was the executor of my great-great grandfather Wyght's will in 1866. How they do get mixed up.

Well if you aren't confused by now I might as well quit.

I believe you will find this of interest even in its present state and would be pleased to go further into ^{AND} as far as you wish to pursue it.

Is your Richardson Asa H ?

Yours sincerely,

50 Dunvegan Road,
Ottawa K1K 3G3, Ont.

P.S. In the event you do not have the information that I have: Ziba Sr. and Elisha appear together on muster rolls throughout the Revolutionary War, both are about the same size, Elsiha about 14 months younger; both come from New Milford-probably Mass. So they could be brothers or at least ^{1st} cousins.

In October, the 11th, a Mr. Gordon Phillips learned, through an acquaintance of mine, of this project and called me to suggest that I get in touch with A Mrs. A. Phill~~x~~ips Silcox, Mississauga. Her husband, deceased, had done a great deal of research on Phillips families and there was a possibility that what I was looking for might be there. I wrote that date with a self-addressed return envelope, stating my interests and wondering if she might be able to help. So far no answer and I don't suppose there will be now.

Dear Dr. Burleigh:

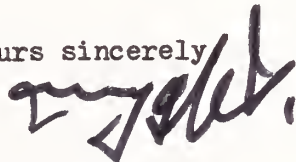

I seem to be messing things up. I apparently misunderstood Mrs. Francey's directions but I was certain that what I did was as indicated by her. For the present I should be with the Col. Edward Jessup Branch which gives me the advantage of meetings at Brockville which is much closer to Rideau Ferry.

So without causing you any undue trouble or rather any more, I am enclosing postage and would ask you to please forward my material to where you know it should go considering inclusion in that Branch for this period of time.

I would however like the opportunity of discussing the Philips affair with you and as I said if you are interested I will forward a rough copy for your comment.

Again sorry for bothering you on the membership issue,

Yours sincerely

Dear Dr. Burleigh;

Mr. A. Phillips Silcox informed me that you have many records on the loyalists in Lennox and Addington. I am trying to find information on Eli Phillips as shown on the enclosed sheet. I have put the information that the family had that I haven't been able to prove in parenthesis. Mr. Silcox and I have wondered if my Eli could be the son of Elisha of Fredericksburg. There is a five year gap on his childrens birth days where another child could have been born. It would be the right age to be mine. Another possibility that I have wondered about, is Eli the son of Jacob Phillips, a loyalist of Etobicoke. If you think your records might have something that would help me would you inform me as to the cost of sending it to me?

Sincerely,

Jean Larson

Dr. Burleigh:

For over a year and a half I have been working on a history of James Philips who was one of the rebels/Patriots/Hunters or what you will killed at the Battle of Windmill Point in 1838.

I have established to within about 99% who he is but there is still an element of doubt. I believe he is the son of Elisha Philips of Fredericksburgh and D.F. McQuat, Provincial Archivist, agrees. But there is an element of doubt. One piece of paper would eliminate it.

It is a fascinating piece of history and not generally known even amongst knowledgeable persons interested in the period.

I have the work in a 'first-run' condition and if you are interested I would be pleased to send you a copy for comment. It starts off in the Revolutionary period.
